GERMANY KICKS ON PAYING FOR SCUTTLED SHIPS

Her Note Reciprocates Conciliatory Attitude of Allies Except on One Point.

CONCESSION IS HOPED FOR

Berlin Takes Position That Failure of United States to Ratify Treaty is Purely an Internal Affair and Does Not Absolve Other Powers.

By Associated Press.

BERLIN, Thursday, Dec. 11.—Germany's reply to the last notes from the supreme council of the peace conference have been sent to Versailles. Nothing has been given out relative to its contents aside from a hint that its general tenor reciprocates the conciliatory tone of the last communication from the Entente.

Reports state that the reply renews the government's disclaimer of responsibility for the sinking of interned German warships at Scapa Flow and sets forth exceptions to the supreme council's insistence for compensation for the scuttled vessels. It is said to claim that the objectionable passage from the letter from Admiral von Trotha to Admiral von Reuter was not translated properly and that it was "out of context with the rest of the letter."

On the proposition that Germany sign the protocol to the peace treaty and permit the issue involving the question of indemnity tonnage to be adjusted later it is reported the note proposes that the latter be forthwith submitted to a body of experts. This stand is taken because of the importance of the matter to German harbor facilities. It is hoped to obtain a concession of the Scapa Flow issue and is believed the note indicates a measure of obstinacy over yielding on this point.

Reports declare there are no intimations in the reply that the Berlin government has taken a position that failure to ratify the treaty by the United States had created an altered situation and it is hinted that treaty action by the United States Senate is a purely internal American affair that does not absolve the other powers from the obligations of exchanging ratifications.

GARFIELD RESIGNS; DISSATISFIED WITH STRIKE SETTLEMENT

Fuel Administrator Disagrees With President on Points of Compromise.

By Associated Press.

WASHINGTON, Dec. 12—Fuel Administrator Garfield's resignation was last night placed in the hands of President Wilson, given because he disagrees on principle with the coal strike settlement proposal arranged by the government and the mine workers' union.

Dr. Garfield, himself, refused to confirm, deny or discuss the report, but at the White House it was said that a personal letter from him had been transmitted to the President yesterday afternoon.

Men close to the fuel administrator understand that he believes that the work of the commission authorized under the settlement to be made up of one coal mine operator, a coal miner and a third person named to represent the public, will result in an increase in the price of coal to the consuming public. To this form of settlement Dr. Garfield has been unalterably opposed. It has been learned on good authority that he took no part in the negotiations with the mine workers' union chiefs the last week and that, though informed and consulted after their initiation, the terms laid out as finally accepted contravene his conception of the main principle involved.

RESIGNATION WILL BE ACCEPTED, SAYS TUMULTY

WASHINGTON, Dec. 12—The resignation of Dr. H. A. Garfield as fuel administrator, tendered last night, was forwarded to President Wilson this morning by Secretary Tumulty.

"Of course it will be accepted," it was said at the White House.

"Functions of the fuel administrator, handled recently through the railroad administration under Dr. Garfield's authority, will be continued under Director Director General Hines," it was said. "This does not necessarily mean that Mr. Hines will be made fuel administrator in Dr. Garfield's place," it was added.

"We are all sorry that Dr. Garfield feels as he does—he's done a fine job," said Secretary Tumulty.

The view at the White House is that Dr. Garfield was not ignored in the settlement of the strike. Dr. Garfield's friends say he does not hold the view that he was; that his position is that the government should not have been put in the attitude of having surrendered to the miners.

It developed today that there was difference of opinions to whether the President's statement to the public on the coal strike should have been made public last Saturday night before it was carried to Indianapolis.

The President, White House officials said, directed that the statement be made public Saturday night. Dr. Garfield understood that this would be done and on Sunday he told Secretary Tumulty he believed the statement should be given out at once. The President's secretary disagreed and it was said, assumed the responsibility.

The miners' union officials were to have told Attorney General Palmer and Mr. Tumulty that publication of the statement before the conference would embarrass them in their efforts to have the miners accept the President's proposal. The miners' request was made after Dr. Garfield had left the conference.

At the White house it was said that Dr. Garfield's letter of resignation was not available. Dr. Garfield declined to discuss his resignation or his letter to the President.

SHOWDOWN BOUND TO COME, SAYS OPERATORS' STATEMENT

Settlement of Strike is Really Postponement of Final Decision, They Say.

By Associated Press.

WASHINGTON, Dec. 12—While accepting the government proposal for the settlement of the coal strike mine operators of the Central Pennsylvania district declared in a statement today that "the settlement is no settlement at all of the principle at stake in the controversy" and that it is "merely a postponement of a showdown which, in our opinion, is bound to come."

The method proposed for settling the strike by Fuel Administrator Garfield, the statement said, "was interfered with by government officials who knew little of the situation" with the result that "operators and public have been delivered into the hands of the United Mine Workers of America."

Referring to the commission plan in the president's proposal a resolution adopted by the operators said "the vital principles at stake are not mentioned nor is any protection offered the public against a recurrence of the catastrophe in the near future."

"The operators in Central Pennsylvania earnestly protest against the form of the commission and its power," the resolution said. "They demand that a representative commission similar to that which investigated the anthracite strike of 1902 be appointed and be empowered to investigate by public hearings the facts which the American people have a right to know.

"To neglect this duty is to surrender this and other basic industries to an overbearing group that has welded coal labor interests into a weapon for use against American freedom and the principle of majority rule on which the republic was founded."

Amplifying the resolution the resolution statement said:

"The miners' strike was in direct violation of a wage contract and the present settlement left them free to violate any other contracts they make to take its place."

The public, under the form of settlement adopted, may be subjected again at any time to the discomfort and distress through which it is now passing, it was said.

Operators of the central competitive field were still awaiting results today as were representatives of other sections. Reports to them indicated that only a comparatively few miners had returned to work.

LIGHTING AND HEATING REGULATIONS RELAXED.

Relaxation of the restrictions on lighting and heating to permit to remain open nine hours on Saturdays was announced last night by the Railroad Administration. This concession was made on account of the heavy Christmas buying. On other days the regulations permitting the use of light and heat for but six hours remains in effect. The rules are not being generally observed.

FURTHER CURTAILMENT OF COKE PRODUCTION IS RUMORED; UNCONFIRMED

Believed Present Restrictions Will Be Eased Rather Than Increased; Coal Car Shortage Tomorrow.

The rumor that beehive coke production is to be further restricted to three days' operation of ovens per week, beginning next Monday, is in general circulation in the trade but it lacks confirmation. No official notice of any kind has been received and the impression is that with the coal strike out of the way there will be an easement in the 25 per cent restrictions which are now in effect rather than a further enforced curtailment of output.

Notice was given the mines today that there will be a shortage of coal cars for tomorrow's loading. This will result from the movement that is already under way to provide cars for the mines which are expected to resume in full on Monday, thereby cutting down the supply available for distribution in the coke region.

DEFIES PROBERS

"Russian Ambassador" Hides Records and Says He Won't Tell Where.

By Associated Press.

NEW YORK, Dec. 12.—Ludwig C. A. K. Martens, "Ambassador" of the Russian Soviet Government, has flatly refused to obey the mandate of the subpoena served upon him by the joint legislative committee investigating seditious activities here. He declined both upon the request and then upon direct instruction from the chairman to produce documents and papers received by him from his government or copies of his correspondence and reports to it. Martens declined to answer questions concerning his dealings with Russia, and stated point blank that he had sent all his confidential files beyond the confines of New York State. They are still in the United States, he added, and he admitted that he could produce them at any time if he so desired. He claimed diplomatic immunity.

Many of the couriers and much of the mail between Martens and Soviet Russia passed through the Soviet Stockholm agency, Martens said. He had received in that way some of the $90,000 sent him by his government, he admitted.

Writer Kills Himself.

FREEPORT, N. Y., Dec. 12—Attempting to inject "action" into a story he was composing, Stanley Simon, a young magazine writer accidentally shot himself with a revolver at his uncle's home here, it developed at an inquest yesterday. The uncle testified that the author, while pondering over a scene in his story in which a revolver figured, but which his publishers had informed him lacked action, experimented with a weapon that his uncle said he did not know was loaded.

FIRE DESTROYS HISTORIC THEATRE IN WASHINGTON

Old Assembly Hall, Where Inaugural Balls Were Held, a Mass of Ruins.

CIGARETTE CAUSES BLAZE

By Associated Press.

WASHINGTON, Dec. 12—The Lyceum theatre, known before the Civil War as the Washington assembly hall, which for nearly a century has played a part in the social life of the capital and in which five presidents held inaugural balls, was little more than a mass of flame-blackened ruins today. Fire, which started from a lighted cigaret thrown into a crowded gallery and which imperiled the lives of upwards of 2,000 persons, damaged the buildings and contents to the extent of about $75,000, it was estimated today by the management.

Harvey's restaurant, another establishment famous for its gatherings of notables before the Civil War, which adjoins the Lyceum at Pennsylvania avenue and Eleventh street and was threatened by the flames, was only slightly damaged.

The theatre was well filled by an audience that had stayed after the regular performance to see a wrestling match. A cry of fire from the gallery nearly precipitated a panic but the crowd was reassured. A few minutes later flames burst through the ceiling and this time the audience made a rush for the exits.

Cool heads checked the fear-stricken patrons and the building was cleared in an orderly manner, although a number of women became hysterical.

ENGINEER STOPS FAST PASSENGER TRAIN AND RESCUES DROWNING LAD

Cuts Bell Cord from Locomotive, Throws It to Boy and Drags Him Ashore.

By Associated Press.

LOUISVILLE, Ky., Dec. 12—Chesapeake & Ohio passenger train No. 25, a flyer from Washington, arrived in Louisville early this morning 15 minutes late but John Cavins, engineer, apparently soothed the anger of the railroad officials with a report that he "stopped the train just outside of Frankfort Ky., to save the life of a boy who had fallen into an icy pond.

Cavins said his train was going around the curve "when I saw boys apparently failing to effect the rescue of a comrade from a mill pond. I stopped the tram, cut the bell cord and hurried to the pond. The ice was too thin to bear me so I threw the rope to the lad, who though numbed and struggling to keep on top of the water, cast it around his body and I dragged him out. I took him to the railroad station and by artificial respiration resuscitated him."

ARMY FOOD ARRIVES

Part of Car Will Be Placed on Sale Early Next Week.

A part of a carload of government food and clothing ordered by Antonio Bufano for the municipal store arrived in Connellsville last evening over the Pennsylvania road from Philadelphia. The supplies will be placed on sale Monday or Tuesday, with Mr. Bufano and Dr. C. W. Uhls in charge. The car contains 500 pairs of russet shoes, 100 pairs of army field shoes, 500 brooms, 200 suits of underwear, 250 pounds assorted Christmas candy, five boxes rubber boots, 200 cases of tomatoes, 10 cases of sausage in cans, 10 cases of corned beef in cans and 200 cases of beans.

The consignment comprises one-fifth of the order placed last week by Mr. Bufano, who announced last night, having received a letter from the director of commissary, surplus warehouse, in Philadelphia, the goods forwarded comprise all available food and clothing at this time. The shipment was secured for the Connellsville municipal sale through the coöperation of Congressman Samuel A. Kendall.

ROSENBAUMS BUY KOBACKER BUILDING HERE FOR $80,000

TEXAS LAND, BOUGHT AND ALMOST FORGOTTEN, MAY BRING FORTUNE

Local Man Learns There is Oil Under Purchase of Ten Years Ago; May Visit It.

Ten years ago, on a tip that there was oil or gas under it, Charles F. Bishop of Connellsville bought a tract of 160 acres of land in Crockett county, Texas. Then, he said, the excitement died down and the purchaser almost forgot of the land. However, he kept the taxes paid and thus assured himself of the title.

Last night, through a map received by another local citizen who has in mind investing a few thousands in Texas oil, Mr. Bishop learned that there are developments all about his farm. He does not plan to drill, he says, but has visions of realizing handsomely by the sale of the property. He may go to Texas to look it over.

The land is located along Liveoak creek, a tributary of the Pecos river.

There are many other owners of Texas land in Connellsville.

Uniontown Firm Acquires Local Property But Does Not Plan to Open Store.

According to announcement made last night in Uniontown, the Porter block, North Pittsburg street, Connellsville, occupied by Kobackers' store, has been sold to Rosenbaum Brothers of that city for $80,000. The sale was made by Byron Porter, owner.

The Rosenbaums operate a department store in Uniontown but it is said they have no intention of immediately embarking in business here and that the purchase was made purely as an investment. The Kobacker lease runs two and a half years yet.

The building figuring in the deal is of three stories, with a frontage of 44 feet and extending back 114 feet. The lot has a depth of 127 feet. The building was erected in 1898 by Mr. Porter and has been occupied by the Kobackers for many years.

The sale of the Porter building to a Uniontown firm is of added interest for the reason that a few days ago the Aaron company invested $76,000 in a lot at Main street and Gallatin avenue, Uniontown, on which it is proposed to erect a $300,000 furniture house of eight stories which when completed will represent an entire investment of half a million dollars.

STORE WALLS COLLAPSE

Extensive Damage Done to Uniontown Building During Excavation.

Collapse of a wall of the department store of S. F. Auslander at Peter street and Broadway, Uniontown, at 1:15 o'clock this afternoon will result in the building being almost a total loss, it was believed, owing to cracking of the remaining walls. The crash came, it is said, as a result of insecure bracing while a basement was being excavated. Warning was given in time to permit all employes to escape.

A crack in the wall was first observed at 10:30 this morning and the work of strengthening the supports was begun.

The store is a two story brick building extending 75 feet along Peter street and 60 on Broadway. It was the Peter street wall that first gave way. Mrs. R. W. Beall is the owner of the building.

CASHES BOGUS CHECK

West Side Meat Dealer Beaten to the Extent of $30.60.

Harry Hetzel, proprietor of the Hetzel meat market on the West Side, was victimized last night to the extent of $23.95 cash and a lot of meat by a negro youth who presented a bogus check for $30.60. The check was drawn on the First National bank and bore the signature of S. H. Johnson and was made payable to William Johnson.

Mr. Hetzel reported the matter to the police.

PERCY BUYS HOME

Tri-State Salesman Acquires Soisson Property on West Side.

William Percy, traveling salesman for the Tri-State Candy company, has purchased a home in Sixth street, West Side, from W. F. Soisson.

The Percy family has been living on the property. The sale was made through the A. E. Wagoner agency.

On Buying Excursion.

Alderman Fred Munk, M. Derencin and others motored to Markleton this morning to lay in a supply of butter, eggs and other foodstuffs from the mountain farms. They also had turkeys in mind.

MANY PERSONS AND SOURCES GAVE TO HOME-COMING FUND

Connellsville and Vicinity and Coke Region Shared in Raising It.

$1,776 FROM UNIONTOWN

Exclusive of $1,000 From the County Commissioners; Red Cross Street Fair Association Largest Local Contributor; Full List of Donations.

The appeal for funds for the Home-Coming celebration was answered liberally by the public, individuals, firms, corporations, organizations and lodges, according to the committee's final report. A number of benefits, including the "Winter Garden Frolic" in Connellsville, which netted $558.93, and a children's carnival, North Pittsburg street, netting $37.70, were held for the purpose of adding to the fund. The employes of the Indian Creek Valley railroad and of the H. C. Frick Coke company at Lemont and Philips plants grouped together and raised $144.50, $100 and $45 respectively. The members of the Czecho-Slovak nation living in Connellsville and vicinity provided $100 by the same method.

The largest single addition to the fund was provided by Uniontown where 46 individuals, firms and corporations contributed $1,776.82. The county commissioners appropriated $1,000, making the total contribution from Uniontown $2,776.82.

In Connellsville the Red Cross Street Fair Association's donation of $1,505.53 was the largest local contribution. The Connellsville Clearing House association, representing all the banks and trust companies, gave $1,000. Other contributions by citizens, firms, corporations and fraternal orders ranged from $1 up to $350.

As preface to the detailed report of E. T. Norton, treasurer, J. E. Angle, chairman, and H. B. Brown, Jr., secretary, join in the following request to the newspapers of the city:

"In order that the persons who so generously contributed to the fund for this celebration, as well as the public in general, may be advised as to the disposition of the monies received, it will be very much appreciated by all in charge of the arrangements if you will kindly publish the statement prepared by the treasurer and approved by the chairman and secretary of the finance committee and the chairman and secretary and members of the central committee.

"A glance at the report of the treasurer will show it was necessary for those in charge of the celebration to borrow $256.92 in order to pay off all the bills.

"It will be recalled that motion pictures of the parade on Military Day, as well as other interesting features in connection with the celebration, were taken by Mr. Charles Balsley, in the hope of raising sufficient money to make up the deficit shown it is proposed to show those pictures at the high school auditorium at an early date. All monies received in excess of the amount of the note will be turned over to the local Red Cross."

HORRORS! BURLESQUE SHOW INTRUDES DURING COUNTY INSTITUTE WEEK

House Manager Cannot Cancel, so Highbrow Evening Entertainment Has to Go Elsewhere.

Ordinarily, during the county teachers' institute, which is always held in the West End theatre, Uniontown, the evenings are devoted to lyceum entertainments, concerts, lectures and the like; sometimes called educational stuff. This year there will be the usual run of high class numbers, but one of them will not be held in the theatre, because of the intrusion of the regular Tuesday night burlesque show. It seems that Manager Harry Beeson of the West End has a contract with a burlesque wheel and he cannot cancel a show without causing it to lose a date and entail a heavy loss. Anyway, the burlesque will appear as scheduled, but not as a number on the institute program.

It is said that a check will be kept on the male teachers to see how many attend the institute entertainment and how many sneak off to the other chautauqua performance.

Exactly 701 teachers from boroughs and townships in Fayette county, exclusive of independent districts, are eligible for seats in the institute, which begins next Monday. The school districts of Uniontown, Connellsville, Redstone, Dunbar and German townships conduct their own institutes and teachers from those districts are required to attend the county institute. Mr. Carroll anticipates that teachers will have little difficulty in securing accommodations for the week. Few of the teachers will seek accommodations at the city's overcrowded hotels but will make arrangements for rooms at private homes.

Principal instructors at the institute this year are Dr. James M. Callahan of West Virginia University, Dr. Ellwood C. Pershio of the University of South Dakota and Dr. Edwin D. Starbuck of the University of Iowa. In addition there will be Prof. C. G. Pierce, who will conduct the music and calisthenic drills. Will A. Rhodes, a popular soloist of Pittsburg, will be at the institute Wednesday and Thursday.

EXCEPTIONS OVERRULED

Thirty Stricken From List of Protest Against Thompson Sale.

Referee in Bankruptcy William Blair, acting in the J. V. Thompson case has overruled 30 exceptions filed by creditors against the order authorizing the sale of the Thompson estate made November 1.

All exceptions were filed by creditors holding liens or judgments as it is understood they preferred to have the estate sold piecemeal instead of as a whole. By selling the estate together the referee expects to save more money for the unsecured creditors.

The sale of the Thompson holdings will come before the U. S. District court in Pittsburg next Monday. Arguments will be taken up in Federal District court the following Wednesday. Should the court overrule the exceptions final consummation of the sale will result.

PAY DAY CHANGED

Baltimore & Ohio Employes to Get Checks on 13th and 28th.

Under a new order posted at division offices of the Baltimore & Ohio railroad pay days are changed from the 10th and 25th of the month to the 13th and 28th.

Under this arrangement there will be but one pay before Christmas. The Pennsylvania pay days are the 15th and 30th.

Worth $12,000; Starves to Death.

NEW YORK, Dec. 12.—Found in a cold, cheerless room, helpless from rheumatism, Mrs. Pauline Bischoff, 70, worth more than $12,000, was removed to a hospital by the Brooklyn police. The aged woman, as far as known, is without relatives and has no friends. She has been living alone, and having been missing for several days, was sought by the police. She was seated in her parlor, where, she said, she had sat for two days without food or heat. Jewelry valued at $2,000 and a bank book showing deposits of more than $10,000, were found in her possession.

CENSUS ENUMERATORS TO ASK QUITE A LOT OF QUESTIONS

When the census enumerator calls at your house, some day on or after January 2, 1920, he will ask for quite a lot of information. Upon the correctness of the answers, depends a good deal.

In preparation for the enumeration, Supervisor Francis M. Richey for the Fayette-Somerset-Greene district, has made public the following questions so that residents of this section may be prepared to give the information sought without delay.

1. Age at last birthday.

2. Each person 10 years of age and over will be asked whether he is able to read or write.

3. Each person will be asked his birthplace as well as the birthplace of father and mother.

4. If foreign born the date of coming to the United States will be asked, and, if naturalized, the date of becoming a citizen; also mother tongue or native language.

5. Each head of a family will be asked whether his home is owned by him or rented. If owned, whether the home is mortgaged or free of debt.

6. Each person will be asked his occupation and whether he is an employer or employe or is working on his own account.

The answers to the above questions give valuable and vital information to the government concerning the health, welfare, and progress of the persons under its protection.

1. Each occupant of a farm will be asked how many years, if any, he worked on a farm for wages; how many years, if any, he was a tenant; and how many years, if any, he farmed as an owner.

2. Whether he (a) owns, or (b) rents, or (c) partly owns and partly rents his farm, or whether (d) he operates the farm for others as a manager or superintendent.

3. How many acres in his farm? Number of improved acres? Number of unimproved acres and number of acres of woodland?

4. Total value of farm? Total value of buildings? Value of implements and machinery on farm?

5. Whether farm is mortgaged? If so, the amount of mortgage?

6. Expenses for feed, fertilizer, and labor in the year 1919?

7. Several questions concerning artificial drainage of his farm.

8. Number of cows, horses, sheep, chickens and other domestic animals on the farm January 1, 1920?

9. Quantity of acreage of all crops grown on the farm in 1919, including fruits and vegetables?

10. Quantity of milk and butter sold off the farm during the year 1919?

11. Acreage of timber land on farm and value of forest products.

Correct answers to the above questions are of the utmost importance. The United States department of agriculture assisted the census bureau in preparing the questions on the agriculture schedule and appeals to farmers everywhere to keep farm records for census purposes.

Copies of the agriculture schedule can be had in advance by any farmer by writing to the director general of the census, Washington, D. C.

Every church in Methodism in conjunction with the churches included in the Inter-Church World Movement is laying its plans for a great world-wide revival of religion, beginning the first of January and culminating with the Easter festival. The slogan for Methodism is "A Million Souls for Christ and His Church By June, 1920." The same methods which brought such success to the Centenary drive of last year are being carefully followed. Retreats for conference, district, group and local church, are being held, to carry the message and spirit down to the last church in Methodism. The sub-district retreat for Connellsville group was held yesterday in the Dawson church. Rev. J. L. Proudfit of Connellsville was one of the speakers. His subject was, "Intercession In the Evangelistic Program." His address was well received.

An illustrated lecture on "Our Frontier Task" was delivered by Rev. J. R. Wolfe, of Pittsburg. The churches included in the Connellsville group, are: Connellsville, Alverton, Dunbar, Vanderbilt, Dawson, Bryan, Layton and West Newton. Others on the program were: Rev. J. M. Thoburn, of Uniontown, J. J. Hill of Pittsburg, Appleton Bash of Pittsburg, C. H. Beall, of Point Marion and Robert Hopwood, of Uniontown.

For the Real Xmas Spirit

These days, holiday joys are not confined to candles, wreaths, bells, or even trees. The celebration that is without music lacks real Christmas spirit. On The Brunswick music is reproduced in tones that are exquisite. Music that thrills the very soul.

And why is Brunswick music different? Because it has a distinctly exclusive Method of Reproduction, due to two exclusive patented features.

The Method of Reproduction

The new Brunswick Method of Reproduction is the most advanced and finest yet devised. In perfecting it all old standards were discarded. Heretofore the instrument you bought determined your range of choice of records. The Brunswick has lifted the ban on the selections of other makers. With it you play all records of whatever make. Moreover, it plays all records at their best. And all this by means of the Ultona and the Tone Amplifier.

The Ultona

The Ultona—a scientific creation—is an all-in-one reproducer. It supplies, at a turn of the hand, the right needle, diaphragm and weight for playing any make record.

The Tone Amplifier

The Tone Amplifier is the all-wood, vibrant throat of The Brunswick. It is oval shaped—moulded to meet musical and acoustical laws. Truer, richer, sweeter tones—those that were hitherto lost in phonographic reproduction—are restored by this great invention.

A Brunswick Recital—Especially For You

Come here today. Tell us what records you like most and we will be glad to arrange a Brunswick concert for you. No obligation whatever. The pleasure is all ours.

BASKETBALL TONIGHT

Game Resembling Mid-Season Contest Promised at High School.

The opening game of the high school basketball team will be played this evening in the high school gymnasium. From all indications it will be more like a mid-season game than an opening game, as the German township boys—the local high school's opponents tonight—have been practicing for a couple of months and are in top form, as their defeat of the strong South Brownsville high school team by the score of 50 to 7 last Friday night showed. The boys from McClellandtown always play good basket ball, but this year they seem to be a little better than heretofore and promise to be one of the top notch teams in the western part of the state.

The game will be played at 8:15 P. M. There will be a preliminary game at 7:25 between the girls' teams of the junior and senior classes.

FRIDAY EVENING, DEC. 12, 1919.

EFFICIENCY AND PROMPTNESS ARE EXPECTED

While some time will of course be required to restore normal conditions in transportation and industry which have been disturbed by the coal strike and the protracted efforts to settle it, there should be no undue prolongation of the war-time restrictions that have been imposed. There will be no such need if the miners get down to business without further delay and the railroad and fuel administrations bend their energies to clearing up the situation as quickly as possible.

While the public will willingly endure the inconveniences resulting from the curtailments in the use of fuel, the average citizen is beginning to lose patience over the extension into peace time of the regulations intended to be applied only while we were at war. The conviction is becoming strong that the time has arrived when methods should be employed in the adjustment of matters like wage disputes which will not throw all the burden upon the public. The government made such a muddle of the coal strike, before a settlement was finally reached, that there was just cause for the public to resent a re-imposition of the war-time restrictions in the use of coal. That these are not being resisted speaks flatteringly of the patience and long-suffering of the public, but the government should not act upon the assumption that these virtues will continue to be displayed with fortitude if the utmost is not done to remedy the situation at the very earliest date possible.

The public has the right to demand the quick and complete resumption of mining and the restoration to normal of freight and passenger transportation. The near approach of the holiday season emphasizes the importance of these demands and will place upon the authorities in Washington a responsibility to apply themselves with all diligence to the task in hand. Efficient action and prompt results are expected. More, both are needed quite as urgently as during the war. If not forthcoming the public will know where to place the blame and will not hesitate in doing so.

Singular how superstitions work with the miners. They are afraid to go to work on Friday but they exhibited no sensation of fear when quitting their jobs on the same day of the week.

That Austrian who threw old style boots containing $3,000 into the river has nothing in prodigality on some of the free spenders who have almost as much invested in new style foot wear.

There can be no further doubt about President Wilson being very much improved in health. His pet phrase, "May I not," is doing business with seemingly as much vigor as ever.

Between buying gas and gold stocks and Christmas presents the spenders of Connellsville do not lack opportunities to deplete their rolls.

Germany meekly bowed to the inevitable in agreeing to sign the peace protocol. She knew she could not escape responsibility for the Scapa Flow incident.

The Christmas buyers are not only buying early but they are buying nearly everything in sight.

The Home-Coming Celebration cost a pretty stiff sum but those who contributed to it feel that they had their money's worth and more.

Public opinion forced a settlement of the miners' strike but it remains to be proven that the public will not also feel the force of the form of settlement.

You are not overlooking buying Red Cross Christmas seals with each Christmas purchase, are you?

With Senator Hitchcock, Administration leader, admitting in a public address that reservation to the peace treaty "are inevitable," we may shortly expect a hint from the White House that "the single track mind" is preparing to take a siding to give the reservation special the right of way.

The success of the Republican nominee for the presidency will not depend upon the place where he is chosen. It will come because success of the party has taken first place in the hearts of the people.

The Administration ought to be satisfied. Although failing to have its "Fourteen Points" accepted by the Paris conference it did succeed in having "Fourteen Per Cent" accepted by the Indianapolis conference.

FRIDAY EVENING, DEC. 12, 1919.

EFFICIENCY AND PROMPTNESS ARE EXPECTED

While some time will of course be required to restore normal conditions in transportation and industry which have been disturbed by the coal strike and the protracted efforts to settle it, there should be no undue prolongation of the war-time restrictions that have been imposed. There will be no such need if the miners get down to business without further delay and the railroad and fuel administrations bend their energies to clearing up the situation as quickly as possible.

While the public will willingly endure the inconveniences resulting from the curtailments in the use of fuel, the average citizen is beginning to lose patience over the extension into peace time of the regulations intended to be applied only while we were at war. The conviction is becoming strong that the time has arrived when methods should be employed in the adjustment of matters like wage disputes which will not throw all the burden upon the public. The government made such a muddle of the coal strike, before a settlement was finally reached, that there was just cause for the public to resent a re-imposition of the war-time restrictions in the use of coal. That these are not being resisted speaks flatteringly of the patience and long-suffering of the public, but the government should not act upon the assumption that these virtues will continue to be displayed, with fortitude if the utmost is not done to remedy the situation at the very earliest date possible.

The public has the right to demand the quick and complete resumption of mining and the restoration to normal of freight and passenger transportation. The near approach of the holiday season emphasizes the importance of these demands and will place upon the authorities in Washington a responsibility to apply themselves with all diligence to the task in hand. Efficient action and prompt results are expected. More, both are needed quite as urgently as during the war. If not forthcoming the public will know where to place the blame and will not hesitate in doing so.

Singular how superstitions work with the miners. They are afraid to go to work on Friday but they exhibited no sensation of fear when quitting their jobs on the same day of the week.

That Austrian who threw old style bonds containing $2,000 into the river has nothing in prodigality on some of the free spenders who have almost as much invested in new style foot wear.

There can be no further doubt about President Wilson being very much improved in health. His pet phrase, "May I not," is doing business with seemingly as much vigor as ever.

Between buying gas and gold stocks and Christmas presents the spenders of Connellsville do not lack opportunities to deplete their rolls.

Germany meekly bowed to the inevitable in agreeing to sign the peace protocol. She knew she could not escape responsibility for the Scapa Flow incident.

The Christmas buyers are not only buying early but they are buying nearly everything in sight.

The Home-Coming Celebration cost a pretty stiff sum but those who contributed to it feel that they had their money's worth and more.

Public opinion forced a settlement of the miners' strike but it remains to be proven that the public will not also feel the force of the form of settlement.

You are not overlooking buying Red Cross Christmas seals with each Christmas purchase, are you?

With Senator Hitchcock-Administration leader, admitting in a public address that reservations to the peace treaty "are inevitable," we may shortly expect a hint from the White House that "the single track mind" is preparing to take a siding to give the reservation special the right of way.

The success of the Republican nominee for the presidency will not depend upon the place where he is chosen. It will come because success of the party has taken first place in the hearts of the people.

The Administration ought to be satisfied. Although failing to have its "Fourteen Points" accepted by the Paris conference it did succeed in having "Fourteen Per Cent" accepted by the Indianapolis conference.

The coke workers are not only two weeks ahead of the workers in the striking mine districts in receiving fatter pay envelopes, but they are six weeks ahead of them in having missed no distribution of these useful and necessary tokens.

A VITAL FACTOR

It is natural for a growing child to crave what may seem an over-abundance of food. The vital, important factor is to assure not only a plenitude of food but food that contains those substances that promote healthful growth.

SCOTT'S EMULSION

is daily helping to nourish and strengthen many boys and girls through the trying period of growth.

You should not hesitate to give SCOTT'S EMULSION to a child of any age.

The exclusive grade of cod-liver oil used in Scott's Emulsion is the famous "S. & B. Process," made in Norway and refined in our own American laboratories. It is a guarantee of purity and palatability unsurpassed.

The Effects of Opiates.

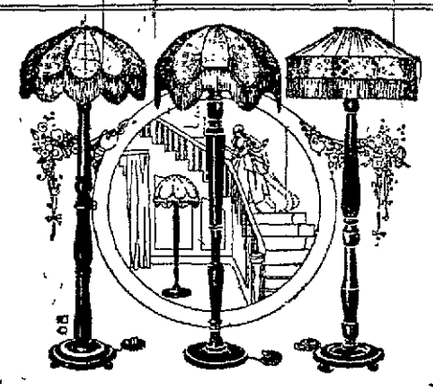

THAT INFANTS are peculiarly susceptible to opium and its various preparations, all of which are narcotic, is well known. Even in the smallest doses, if continued, these opiates cause changes in the functions and growth of the cells which are likely to become permanent, causing imbecility, mental perversion, a craving for alcohol or narcotics in later life. Nervous diseases, such as intractable nervous dyspepsia and lack of staying powers are a result of dosing with opiates or narcotics to keep children quiet in their infancy. The rule among physicians is that children should never receive opiates in the smallest doses for more than a day at a time, and only then if unavoidable.

The administration of Anodynes, Drops, Cordials, Soothing Syrups and other narcotics to children by any but a physician cannot be too strongly decried, and the druggist should not be a party to it. Children who are ill need the attention of a physician, and it is nothing less than a crime to dose them willfully with narcotics.

Castoria contains no narcotics if it bears the signature of Chas. H. Fletcher.
Genuine Castoria always bears the signature of Chas. H. Fletcher

WANTS HIS MONEY BACK

"I can thank Mr. O'Brien, a neighbor, for my recovery from severe colic attacks and stomach trouble that nearly forced me to cross the river Jordan. I spent thousands of dollars in the past nine years for doctors and medicine and would have died but for my neighbor's advice to use Mayr's Wonderful Remedy. I wish I had the money back I spent for other medicine." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach liver and intestinal ailments including appendicitis. One dose will convince or money refunded. A. A. Clarke and druggists everywhere.—Adv

THE SOISSON.

"JUBILO"—Adapted from the popular Saturday Evening Post story, the rural story of a "no-good guy," who made good, is being presented today. It is a homespun romance of plain people and rich hearts. Laughs and chuckles mixed with tears in the most delightfully human photoplay you've seen in a long time. Will Rogers, former Ziegfeld Follies star, appears in the role of a hobo. Remember lovable, human Will in "Almost a Husband." You'll find him even more irresistible and human in "Jubilo." He is supported by a splendid cast.

THE PARAMOUNT.

THE LADY OF THE DUGOUT—In which Al Jennings is seen in the leading role, is today's feature attraction. Al Jennings and his brother, badly wanted by the law and pursued by its officers accidently discover the dugout in which the lady resides with her small son and drunken husband. The latter is in town at the time and Al Jennings rides 12 miles and back to get food from the nearest neighbor as the woman and child are starving. They afterward assist her in many ways, thereby incurring the enmity of the husband who cannot and will not understand their goodness of purpose.

The picture is abundant in action and shows the robbing of banks, shooting up of a town, and other incidents in an outlaw's life all of which are faithful reproductions of the methods pursued by that calling, but with all it is human and it is seldom that a picture is presented that possesses the power to affect the emotions as does The Lady of the Dugout.

NERVOUSNESS GONE BLOOD PURIFIED

A Zelo 839 Muhlenburg St. Reading, Pa., employed in the Crescent Shoe factory, said that Chasco-Vin had accomplished what everything else failed to do.

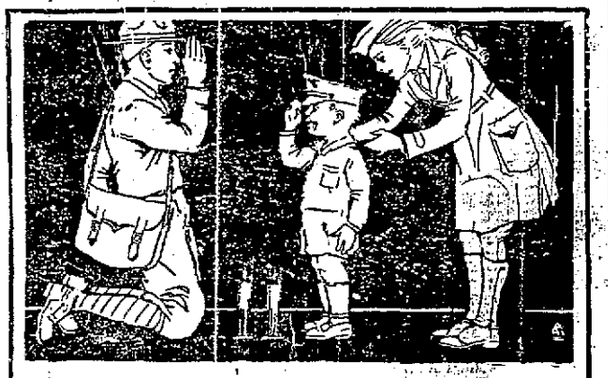

It drove out an nervous disorder of long standing and cleared up the impurities in his blood. At times his hands and feet became numb, as if asleep, but this too is all gone.

"After taking the second bottle I found myself gradually improving, while today I am a different man."

In Connellsville there are only two Chasco-Vin selling agencies. C Roy Hetzel Woolworth building, and A. A. Clarke, 124 N. Pittsburg street.—Adv

THE ARCADE.

ZARROW'S ZIP YAP YANK COMPANY—The attraction for this week is one of the best, if not the best, tabloid musical shows ever seen here. It has three clever men principals and five unusually pretty girls, all of whom lead song numbers and dance daintily. The two Waddington sisters are exceptionally graceful in their dancing. They are young and pretty and good singers, too. Although this is a show that deserves patronage

Mother! Teach the Children Their Daily Health Duty

You can't be too insistent!

FEW children find pleasure in the things most vital to their physical comfort and health, so it rests with the watchful mother to see that they are done. The child will be grateful in after years.

Chief among the functions necessary to the upbuilding of the little body, so that it will not be a dyspeptic, constipated body when it matures, is elimination regularly every morning. If the mother will be insistent and allow nothing to interfere with it, it will soon become a habit, a daily routine that will not be forgotten throughout life.

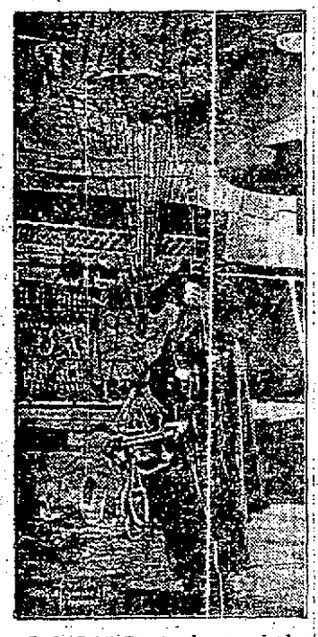

There are times, however, when nature will not operate unaided. Then give Dr. Caldwell's Syrup Pepsin, which is a combination of simple laxative herbs with pepsin, and the headaches, the biliousness, the torpor will quickly disappear. It acts gently and without griping, and as it contains no narcotics and is pleasant to the taste, it may be given to infants. Thousands of families have been regulated to healthy maturity with Dr. Caldwell's Syrup Pepsin.

A bottle can be bought at any drug store for 50c and $1. Those who already know its virtues buy the dollar size and consider it economical. In a large family there is always someone who would feel better for a dose of a good medicine like Dr. Caldwell's Syrup Pepsin.

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest selling, liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not got used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 511 Washington St., Monticello, Illinois.

A WOMAN'S SUFFERING

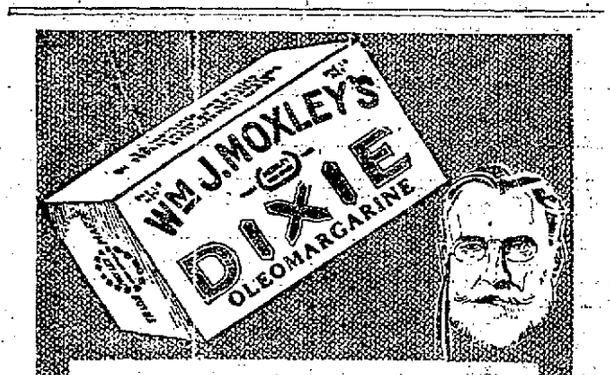

York, Pa.—"About three years ago I was taken sick. Had indigestion and was in a very bad condition. I was bedfast. Finally the doctor got me up and that was all he could do. I could only be up a short time then I had to lie down again the pain was so severe. I could do nothing but moan. The doctor said it was womanly weakness, but he could not help me. He thought he would have to take me to the hospital and operate. I wondered what in the world I could take that would help me. I tried about a half dozen remedies—none did me any good. The doctor said, 'Let me tell you, you are a very sick woman.' I thought toward spring I would have to make sale of my farm stock and quit the farm, but I got a bottle of Dr. Pierce's 'Favorite Prescription' and one of 'Golden Medical Discovery' and immediately I noticed my nerves began to improve and the pain in my sides left me. I got two more bottles and then corruption began to pass from me. After that I began to improve and this last two years I have been good and strong, all due to Dr. Pierce's wonderful medicines.—MARY LIVINGSTON, R. F. D. 9.

LeRoy, Pa.—"About ten years ago I had asthma and bronchial trouble and I doctored with two different doctors, six months each, but they did not help me. My husband's father wanted me to try Dr. Pierce's Golden Medical Discovery. I was very weak and only weighed 80 lbs., could not sleep and coughed most all night. Before I had finished taking one bottle I felt stronger, and by the time I had taken ten bottles I weighed 125 lbs. and was well, and the trouble has never returned."—MRS. GLEN BAILEY.

Over-Worked Men

The Strenuous Life We Are Living Uses Up Our Vital Forces Faster Than Nature Can Replace Them.

To overdo anything is harmful and a continuation of it will wear out the strongest man. Overwork, worry, brain-tire, high living, dissipation and other such habits waste away the most vital elements of the blood, brain and nerves—then disease sets in. At first there will be a general indisposition, poor appetite, indigestion, severe headache, wakefulness and weakness in the back, the temper irritable, the spirits depressed, the memory poor and the mind weakened, ending in premature decline. Dr. Chase's Blood and Nerve Tablets correct this condition by building up your blood and nerve forces. A trial will convince you. Sold by Druggists at 60 cents, Special. BILIOUS? CASCARETS WON'T SHAKE UP OR SICKEN YOU

No Inconvenience Whatever! No Shock to the Liver, No Griping of the Bowels—Ideal Physic!

Coated Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and sluggish bowels, which cause the stomach to become filled with undigested food, which sours and ferments, forming acids, gases and poisons. Cascarets tonight will give your bilious liver and constipated bowels a thorough cleansing and straighten you out by morning. Cascarets never sicken, cramp or inconvenience you all the next day like nasty Calomel, Salts, Oil, or griping Pills. Cascarets work while you sleep.—Adv.

"SPLENDID" IS THE TERM MRS. SARAH NESBAUM USES

Zanesville, Sufferer Has the Best of Reasons for Praising Nerv-Worth.

As this enthusiastic endorser is 75 years old the following signed statement, made a few days ago, is a reassuring message to aged, ailing folks in particular, while offering strong proof of Nerv-Worth merits to sufferers in general:

Nerv-Worth Co.—I have been using your valuable tonic for some time and find it does me more good than any medicine I have ever taken. Have been troubled with stomach and nerves for some time and Nerv-Worth has greatly relieved the distress. I think it is a splendid tonic.

A NASTY COLD EASED AT ONCE

"Pape's Cold Compound" Then Breaks Up a Cold in a Few Hours.

Don't stay stuffed up! Quit blowing and sniffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all grippe misery.

The very first dose opens your clogged-up nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—insist on Pape's!—Adv.

Have a Healthy Skin

Keep Complexion Clear and Rosy—Use This New Treatment—Quickly Clears Skin.

Don't envy every good complexion you see, and wish for something that would give your skin the flush and beauty of youth, but go today and get a jar of Hokara—the cream that quickly assists and stimulates nature in restoring dry faded cheeks to their normal healthy charm and beauty.

There is no excuse for your skin to look tired and drawn. Keep the texture of the skin tissues smooth and fine, the pores so they will breathe new life into your skin, and the blood vessels active to add color and the cheeks.

A gentle daily massage with Hokara stimulates the skin texture, clears the pores—and the dead black skin and dirt just roll away. Try this with a little Hokara—even after you have washed your hands and face. It's a test worth trying.

People who have used Hokara for 30 years have found it to be healing, antiseptic and remarkable in quickly relieving any form of skin trouble—no matter how severe. Hokara is safe and quite different in that it contains no grease, lead or mercury. It tends to keep the skin soft, natural and refreshed. A liberal jar costs but 35c; larger jars 60c and $1.00 at A. A. Clarke druggists.—Adv.

TELLS DYSPEPTICS WHAT TO EAT

Avoid Indigestion, Sour Acid Stomach, Heartburn, Gas on Stomach, Etc.

Indigestion and practically all forms of stomach trouble say medical authorities, are due nine times out of ten to an excess of hydrochloric acid in the stomach. Chronic "acid stomach" is exceedingly dangerous and sufferers should do either one of two things.

Either they can go on a limited and often disagreeable diet avoiding foods that disagree with them, that irritate the stomach and lead to excess acid secretion or they can eat as they please in reason and make it a practice to counteract the effect of the harmful acid and prevent the formation of gas, sourness or premature fermentation by the use of a little Bisurated Magnesia at their meals.

There is probably no better, safer or more reliable stomach antacid than Bisurated Magnesia and it is widely used for this purpose. It has no direct action on the stomach and is not a digestant. But a teaspoonful of the powder or a couple of five grain tablets, taken in a little water with the food will neutralize the excess acidity which may be present and prevent its further formation. This removes the whole cause of the trouble and the meal digests naturally and healthfully without need of pepsin pills or artificial digestants.

Get a few ounces of Bisurated Magnesia from any reliable druggist. Ask for either powder or tablets. It never comes as a liquid, milk or citrate and in the bisurated form is not a laxative. Try this plan and eat what you want at your next meal and see if this isn't the best advice you ever had on "what to eat."—Adv.

Hyomei is the one treatment for nose, throat and lung troubles. It does not contain cocaine, morphine or other dangerous drug and does away with stomach dosing. Just breathe it through the little pocket inhaler that comes with each outfit.

A complete outfit costs but little at A. A. Clarke or any reliable druggists and Hyomei is guaranteed to banish catarrh, croup, coughs, colds, sore throat and bronchitis or money back. A Hyomei inhaler lasts a life time and extra bottles of Hyomei can be obtained from druggists for a few cents.

WAS SO NERVOUS TREMBLED LIKE A LEAF SAID LADY

Lady Never Strong, Since Illness Couldn't Sleep, Was Weak, Headachy.

"I was sick last fall and never did get over it. I was all rundown and it didn't seem like I could regain health. My appetite was very poor and for months when I didn't eat something it wouldn't half digest and I therefore got no good from my food. I finally grew so weak and nervous that I would tremble like a leaf sometimes. My sleep was restless and disturbed and on getting up I would actually feel more exhausted and tired than when I went to bed.

"Just as I was about giving up hope and feeling miserable all over I saw an Earle's Hypo-Cod advertisement in the paper and when people feeling like I was were getting relief in just a few days, I asked my sister about it and found she was taking it and getting splendid results so I didn't hesitate buying Earle's Hypo-Cod after that and how the results in my case have been just grand. It proved the very thing I needed and I don't hesitate recommending it to anybody now. My appetite is fine again and the headaches I was having don't come back any more. My digestion is fine and food I eat seems to give me worlds of strength. Then, too—I find that I sleep so much better nights. My nerves are so much improved I actually sleep like a little child. I know I have gained in weight but don't know just how much. Anyway those three bottles of Earle's Hypo-Cod that I took have built me up like they say it would and that is enough—I surely recommend it to the sky," declares Mrs. M. O'Neil, 515 Covington street, Youngstown, Ohio.

Thousands turn from weaker old fashioned tonics to this new and more powerful preparation and to the surprise of everyone it isn't the least bit nasty tasting and although it contains the extract of Cod Liver Oil it hasn't the slightest trace of fishy or oily taste. Go down for a bottle tonight.

Earle's Hypo-Cod is sold here by Bisel & Company and the leading druggists in all nearly towns. Price, $1.25 plus 5c war tax.—Adv.

WORKS HARD TO AVERT FLU EPIDEMIC

Government and City Health Officials Warn People to Keep Clean.

Stay Away from People with Coughs and Colds.

"Avoid crowds if you want to avoid influenza," says Association for Improving the Conditions of New York.

Keep your hands clean, drink plenty of fresh water; sleep with windows open; eat three uniform meals a day including a good breakfast.

People who have catarrh or frequent colds invite Influenza, declares a prominent Kentucky druggist.

The membrane of the throat and nose is raw, sore and tender, and makes a lovely abiding place for germs to thrive and multiply.

He advises an inexpensive home-made remedy that will bring relief in less than a day and will stop all discharge and sooth and heal the inflamed membrane in a few days.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Pour three-quarters of an ounce of Mentholized Arcine into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and snuff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat clean and healthy.

Nearly all druggists dispense Mentholized Arcine in vials containing exactly three-quarters of an ounce, which is all you need to make a pint of this healthful medicine.

"THE RIGHT TO HAPPINESS"

When was there ever a time when women were doing so much for mankind—and when was the health and strength of our women more vital to the very existence of our country. We can safely say **Never.** Their sacrifices, their industry, their courage, their patriotism is beautiful beyond words of description. But what of the poor one who wants to help but cannot because she is oppressed by some feminine disorder. To such we recommend with utmost confidence our successful old remedy and insert following a letter from one who proved its value.

Newark, N. J.—"For about three years I suffered from nervous breakdown and got so weak I could hardly stand, and had headaches every day. I tried everything I could think of and was under a physician's care for two years. A girl friend had used Lydia E. Pinkham's Vegetable Compound and she told me about it. From the first day I took it I began to feel better and now I am well and able to do most any kind of work. I have been recommending the Compound ever since and give you my permission to publish this letter."—Miss FLO KELLY, 476 South 15th Street, Newark, N.J.

The reason this famous root and herb remedy was so successful in Miss Kelly's case was because it went to the root of her trouble, restored her to a normal healthy condition.

Lydia E. Pinkham's Vegetable Compound

DARKEN GRAY HAIR, LOOK YOUNG, PRETTY

Sage Tea and Sulphur Darkens So Naturally That Nobody Can Tell.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.—Adv.

The Congregation of the First Presbyterian church of Connellsville, a corporation, vs. Jennie J. Singer, Margaret C. Barron, Annie R. Paull, Joseph T. Johnston, Mary Elizabeth Montgomery, Mrs. Carrie Johnston and Mrs. Eleanor ——, formerly Eleanor Johnston, heirs of John Johnston, alias John R. Johnston, deceased, and all other heirs at law of said John R. Johnston, and Lavina Henderson, Sarah Watt, Jennie Watt, Margaret Watt, James W. Watt, and Martha Miller, deceased and all other heirs at law of said Thomas W. Watt, deceased.

In the Court of Common Pleas of Fayette County, Pennsylvania.

No. 279 December Term, 1919.

To Jennie J. Singer, Margaret C. Barron, Annie R. Paull, Joseph T. Johnston, Mary Elizabeth Montgomery, Mrs. Carrie Johnston and Mrs. Eleanor ——, formerly Eleanor Johnston, heirs of John Johnston, alias John R. Johnston, deceased, and all other heirs at law of the said John R. Johnston, and Lavina Henderson, Sarah Watt, Jennie Watt, Margaret Watt, James W. Watt and Martha Miller, heirs of Thomas W. Watt, deceased, and all other heirs at law of said Thomas W. Watt, deceased, and all other persons having an apparent interest in the hereinafter described piece, parcel or lot of land:

You are hereby notified that on October 20, 1919, the Congregation of the First Presbyterian church of Connellsville, a corporation, presented its petition to the Court of Common Pleas of Fayette County, Pennsylvania, at above number and term, setting forth that it is, and for the past forty years and upwards has been in possession of,

ALL that certain piece, parcel or lot of land, situate in the borough, now city of Connellsville, county of Fayette and state of Pennsylvania, bounded and described as follows:

Beginning on Peach street, at the corner of lot of Winfield S. Hood; thence Southward along said lot, one hundred sixty-five (165) feet to Grape alley; then Westward along said alley, thirty-six and two-thirds (36 2-3) feet, thence Northward, one hundred sixty-five (165) feet to Peach street; thence Eastward along said street, thirty-six and two-thirds (36 2-3) feet to the place of beginning. Upon which is erected a building called the "Green House," and a part of the dwelling house known as the "Old Presbyterian Parsonage."

And being parts of lots Nos. 130 and 138 as numbered in the Plan of Lots for the town of Connellsville.

And being the same piece, parcel or lot of land conveyed to John Johnston and Thomas W. Watt by deed of John Taylor and wife, dated March 21, 1874, and to be recorded.

That the heirs of the said John R. Johnston, who is now deceased, and that the heirs of Thomas W. Watt, who is now deceased, have an apparent interest in the said land, but are not in possession thereof, or any part thereof.

That the parties hereinabove mentioned as defendants in this action are the only heirs at law of the said John R. Johnston and Thomas W. Watt, so far as is known to your petitioner, that neither the said Johnston, nor the said Watt, nor their heirs, nor any of them, have been possession of the said land, or any part thereof, for more than twenty-one (21) years next preceding the date of the presentation of said petition.

In said petition the petitioners ask that a hearing may be held upon the application, and that thereupon a rule may issue upon all parties having an apparent interest in the title in and to the said land, to bring an action of ejectment within six (6) months from the date of the service of such rule upon them, or show cause why the same date cannot be brought. Whereupon, the Court fixed Saturday, the 8th day of November, 1919, at 9 o'clock A. M. as a date for a hearing, and after hearing on that date the Court made the following Order:

"ORDER."

"November 8, 1919, this matter came on to be heard, pursuant to order entered October 20, 1919. On petition of the plaintiff, praying for a rule on the parties defendant, and all other persons in interest, to bring an action of ejectment within six months, or show cause why the same should not be done, whereupon testimony having been taken and the Court being satisfied that the parties having an apparent interest in and to the land described in the petition, have not been in possession thereof for a period of twenty-one years next preceding the date of the said application, and that some of them are unknown, it is ordered and directed that the notes of testimony taken at the hearing be transcribed, certified, filed and made part of the record of the cause, and that a rule issue upon the parties defendant and all other persons having an apparent interest in the said land, but who have not been in possession thereof for a period of twenty-one years, to bring his, her or their action of ejectment, within six months from the date of the service of such rule upon him, her or them, or show cause why the same cannot be so brought. Returnable the first Monday of January, 1920.

And it is further ordered, that service of the said rule be made on the party or parties having an apparent interest in or title to the said real estate, but not in possession thereof, personally, so far as they may be found, and by publication in one newspaper printed and published in the city of Connellsville, county of Fayette and state of Pennsylvania, once a week for six weeks, which advertisement shall contain the names of the parties having an apparent interest in, or title to the said real estate, but not in possession thereof, together with the name of the party in possession and making application, and a condensed statement of the contents of the petition and description of the said real estate.

BY THE COURT.

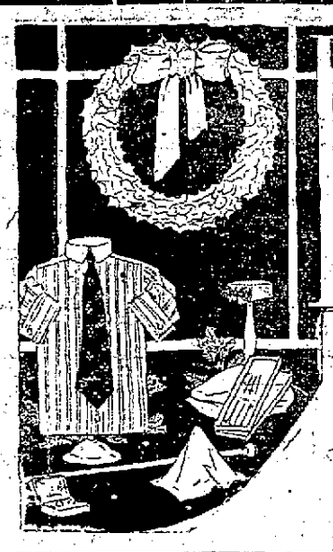

ATTEST: George M. Rathmell, Prothonotary."
